- Suggested Retail\$629.00
- Easy takedown enables quick separation of the barrel from the action for ease of transportation and storage. Takedown is as simple as locking the bolt back and verifying that the rifle is unloaded, pushing a recessed lever, twisting the subassemblies and pulling them apart.
- Simple reassembly allows for a secure connection of the barrel and action and returns the firearm to zero, even when receiver-mounted optics are used, ensuring consistent accuracy, shot after shot.
- Easy-to-use extended magazine release provides smooth, no-fuss removal of flush-mounted magazine
- Legendary action, a tried and true Ruger design, ensures consistent, reliable performance.
- Combination scope base adapter for both Weaver-style and .22 tip-off scope mounts included.

- Patented, detachable 10-round rotary magazine features a unique rotor to separate cartridges and provide reliable feeding.
- Positive, push-button, cross-bolt manual safety.
- Heat-stabilized, glass-filled, polymer trigger housing assembly is precision-made of high-tech material for improved manufacturing tolerances, impact and abrasion-resistance and unmatched ability to withstand the elements.
- Precision-rifled, cold hammer-forged barrel with .920" diameter barrel that is fluted for weight reduction, features a 1/2"-28 threaded muzzle and is fitted with a thread protector.
- Also includes: convenient carry-case.
- Features the Ruger® Modular Stock System with a low comb, standard length of pull and a threaded, fluted, .920" diameter barrel (ships with an additional high comb, standard length of pull stock module).

Ruger GP 357 100 7 Shot

Triple-locking cylinder is locked into the frame at the front, rear and bottom for more positive alignment and dependable operation shot after shot. Patented grip frame design easily accommodates a wide variety of custom grips. Takedown of integrated subassemblies requires no special tools and allows for easy maintenance and assembly. Patented transfer bar mechanism provides an unparalleled measure of security against accidental discharge.
